Summary:

Product Manager with 4+ years of experience launching successful B2B/B2C SaaS products across E-commerce, HealthTech, and RegTech. Proven track record of leading cross-functional agile teams, optimizing product delivery through AI tools, and translating complex market needs into clear, actionable roadmaps.

I don't just manage backlogs, I solve real user problems. Passionate about product coaching, digital content creation, and empowering the product community through shared experiences.

Work Experience:

Senior Product Manager | 360 Company - (Sep 2025 - Present)

- Own the strategic end-to-end product lifecycle for the company's flagship SaaS product suite, including corporate governance, compliance management , and sectoral market intelligence data hubs.
- Direct cross-functional agile development teams (comprising frontend/backend engineers and QA), optimizing sprint structures to bridge high-level requirements with technical execution.
- Champion AI-assisted engineering and workflow optimization by integrating modern generation tools (Cursor, Claude Code, Lovable) into the product cycle, significantly reducing feature prototyping timelines.
- Author comprehensive Product Requirement Documents (PRDs) and technical scopes that translate complex multi-industry data models into clean, executable engineering backlogs.

Product Manager | Imox Company - 3 Months Contarct (April 2025 - june 2025)

- Imox is a video shopping platform that transforms the traditional e-commerce workflow into a video shopping experience.

Done from A to Z:

- - Full Integration with mixpanel & arrangement of the metrics and flows that need to be tracked.
- - launching two new features: Video shopping product review & Onboarding flow.

Product Coach | Sprints company - Part time (Sep 2024 - August 2025) (Product Management Bootcamp UAE)

- Guided masterclass members through comprehensive product management chapters, offering tailored support to overcome blockers and deepen understanding.
- Rated participants' assignments with constructive feedback, ensuring alignment with program objectives and fostering skill enhancement.
- Maintained active communication with participants, addressing queries promptly to drive successful completion of the masterclass program.
- Creating a new tasks for the learners in each phase of product management bootcamp.

Product Manager | Convertedin Company (Nov 2023 - Feb 2025)

- Leveraged deep understanding of marketing automation platforms to optimize user acquisition, engagement, and retention strategies. Developed and executed comprehensive product roadmaps, aligning with business objectives and customer needs. Conducted in-depth customer interviews to identify pain points, gather valuable insights, and inform product enhancements.
- Excelled in stakeholder management, eliciting and prioritizing requirements to align product vision with business objectives. Demonstrated exceptional leadership in driving the product roadmap, resulting in a pre-schedule, under-budget launch that exceeded user expectations and boosted user engagement.
- Leveraged Agile tools (Jira, Trello, clickup, mixpanel, miro, and analytics tools) to optimize workflows and enhance project visibility, ensuring transparency and accountability throughout the development process. Proven ability to deliver measurable business value through data-driven decision making and continuous product improvement.

Product Owner | Rubikans Company (Jan 2023 - Oct 2023)

- Orchestrated end-to-end development of a web and mobile marketplace connecting pharmacists and pharmaceutical companies, using agile Scrum practices to streamline development and ensure product excellence.
- Led stakeholder collaboration, defining requirements, prioritizing features, and ensuring product success.
- Successfully launched the app ahead of schedule and under budget, surpassing user expectations and resulting in a **20%** increase in user engagement.
- Implemented Agile tools like Jira and Trello to optimize project management and streamline workflows.

Associate Product Owner | Rubikans Company (Jan 2022 - Dec 2022)

- Collaborated with Product Manager to drive impactful product feature development, enhancing user experience.

- Defined requirements in close collaboration with stakeholders, ensuring seamless alignment with business goals.
- Key driver in adopting agile Scrum practices, leading to notable enhancements in team productivity.
- Facilitated cross-functional teamwork, aligning diverse user needs with overarching business objectives.
- Contributed substantially to marketing campaigns, translating into a substantial 10% rise in brand visibility.

Early Career & Foundational Experience:
